

REFEREED PUBLICATIONS

- Wall, K.D. and Felli, J.C. Under Review. "Discounting effectiveness."
- Felli, J.C. and Angelis, D. I. Under Review. "On the sensitivity of inventory policy."
- Felli, J.C., Kochevar, R.E and Gritton, B.R. 2000. "Rethinking project selection at the Monterey Bay Aquarium." *Interfaces*. 30, 6: 49-63.
- Groshek, G.M. and Felli, J.C. 2000. Foreign exchange and lost opportunity in the Department of Defense. 2000. *Journal of Multinational Financial Management* 10 ,1: 73-89.
- Felli, J.C. and Hazen, G.B. 1999. "Do sensitivity analyses really capture problem sensitivity? An empirical analysis based on information value." *Risk, Decision and Policy* 4, 2: 79-98.
- Felli, J.C. and Hazen, G.B. 1998. "A Bayesian approach to sensitivity analysis." *Electronic Health Economics Letters*, 4, 2: 14-21. Also published in *Health Economics* 8, 3: 263-268 (1999).
- Felli, J.C. and Hazen, G.B. 1998. "Sensitivity analysis and the expected value of perfect information." *Medical Decision Making* 18, 1: 95-109.
- Felli, J.C. and Hazen, G.B. 1996. "Information Value and Decision Sensitivity." International Engineering Consortium Annual Review of Communications 49: 243-253.
- Felli, J.C., Brennan, L.L., Hoffman, G.M. and Rubenstein, A.H. 1995. "An architecture for the functional design of intelligent machines." *Journal of Information Technology Management* 6, 4: 55-65.
- Rubenstein, A.H., Felli, J.C., Brennan, L.L., Geisler, E., Hoffman, G.M. and Paul, M.J. 1995. "Users Needs for Intelligent Systems." International Engineering Consortium Annual Review of Communications 48: 411-415.

BOOK CHAPTERS

- Felli, J.C. and Rubenstein, A.H. 1993. "Physicians' Use of Intelligent Systems." Intelligent Workstations for Professionals, A. H. Rubenstein and H. Schwärtzel (Eds.), Springer-Verlag, Munich.

PUBLICATIONS AND TECHNICAL REPORTS

- Felli, J.C. and Hoffman, G.M. 1994. "Effective and Efficient Interaction Between People and Computers." Technical Report, Center for Information and Telecommunication Technology, Northwestern University.
- Brennan, L.L., Felli, J.C., Hoffman, G.M. and Rubenstein, A.H. 1993. "Users Needs for Intelligent Systems: Functional Specifications for Selected Machines." Technical Report, Center for Information and Telecommunication Technology, Northwestern University.

- “Users Needs for Intelligent Systems: Final Report.” 1993. Technical Report, Center for Information and Telecommunication Technology, Northwestern University.
- Chang, R.W., Hazen, G.B. and Felli, J.C. 1992. “A Cost-Benefit Analysis of the Preventive Treatment of Recurrent Gouty Arthritis.” Technical Report, Northwestern University.

PRESENTATIONS

- “Discounting measures of effectiveness,” INFORMS International Conference, Maui, Hawaii, USA, June, 2001.
- “Javelin diagrams,” INFORMS International Conference, Maui, Hawaii, USA, June, 2001.
- “Evaluating the cost-effectiveness of alternatives,” Decision Analysis Affinity Group Annual Conference, Calgary, Canada, May, 2000.
- “Foreign exchange and lost opportunity in the Department of Defense,” INFORMS Semi-Annual Joint National Meeting, Salt Lake City, Utah, May, 2000.
- “Making better decisions,” Rotary Club of Corning, Corning, New York, August, 1999.
- “EVPI and decision sensitivity,” Decision Analysis Affinity Group Annual Conference, Orlando, Florida, January, 1999.
- “Rethinking project selection at the Monterey Bay Aquarium,” INFORMS Semi-Annual Joint National Meeting, Seattle, Washington, October, 1998. (Session Chair)
- “Do sensitivity analyses really capture problem sensitivity? An Empirical Analysis based on Information Value,” INFORMS Semi-Annual Joint National Meeting, Atlanta, Georgia, November, 1996.
- “The expected value of perfect information as a multiparametric sensitivity analysis tool,” ORSA/TIMS Semi-Annual Joint National Meeting, Detroit, Michigan, October, 1995.
- “Physicians’ use of intelligent systems,” Intelligent Workstations for Professionals, Joint Symposium and Workshop, Siemens AG and Northwestern University, Munich, Germany, March, 1992.
